## **Semaphore Announces Distribution Agreement with Pinnacle Sales**

NASHUA, NEW HAMPSHIRE – April 7, 2008 – Semaphore, a CSE Global company, welcomes Pinnacle Sales Inc. as a distribution partner for Semaphore’s [T-BOX](#) and [Kingfisher SCADA system](#) and connectivity product lines.

Pinnacle Sales Inc. is Semaphore’s authorized distributor for markets in Illinois, Indiana, Iowa, Missouri, and Wisconsin.

Based in Naperville, Illinois, Pinnacle Sales serves the industrial process, oil and gas, power, utilities, water and wastewater industries. Pinnacle Sales offers a very broad product line, which includes analytical instruments, process measurement and control instruments, and valves.

In addition to equipment, Pinnacle Sales provides application support and service. Their knowledgeable sales and application engineering staff has extensive experience in the process industries and are now fully capable of supporting Semaphore’s T-BOX and Kingfisher products.

Semaphore’s T-BOX is the first, IP-based telemetry solution that enables the complete integration of [SCADA](#), control, and communications functionality in one rugged package. It leverages easy-to-use Web technologies and inexpensive public networks for decentralized, monitoring and control systems.

The Kingfisher RTU line provides many advanced features for SCADA system solutions, including redundant configurations, intelligent I/O, and open programming that is compliant with

IEC 61131-3 and IEC 61499. Kingfisher systems are well-suited to large, demanding measurement and control applications that employ central stations.

Semaphore's T-BOX and Kingfisher RTU products are ideal for a broad range of monitoring and control applications in [broadcast and telecommunications](#), [energy infrastructure management](#), [oil and gas](#), [power](#), [transportation](#), [water and wastewater](#) industries. For more information about Semaphore solutions visit [www.cse-semaphore.com](http://www.cse-semaphore.com) or contact Semaphore at 15B Charron Avenue, Nashua, NH 03063, 603-577-3803.

### **About Pinnacle Sales Inc.**

Pinnacle Sales has been representing leading manufacturers of process measurement and control instrumentation since 1987. Their success has evolved from rapid response to customer needs and requirements coupled with product knowledge and application experience. Pinnacle Sales strives to use technology to deliver measurement and controls solutions at the lowest possible cost while retaining the “human” touch in day-to-day contacts with clients.

Pinnacle Sales does not believe in the “shopping cart” method of online shopping. They believe that everyone deserves a personalized, human-to-human interaction so that your needs are met as best as they can possibly be. For more information, visit [www.pinnsales.com](http://www.pinnsales.com).

### **About Semaphore**

Established in 2006, Semaphore was the result of a merger of two CSE Global companies, RTUnet, of Australia, and TechnoTrade SA, of Belgium. For over 20 years, these companies have provided leading solutions for telemetry, automation, and remote monitoring and have an installed base of more than 70,000 devices. For more information, visit [www.cse-semaphore.com](http://www.cse-semaphore.com).

Semaphore is a wholly owned subsidiary of CSE-Global Limited (CSE), a Singapore-based, industrial integration, manufacturing and distribution group with locations in 20 countries. CSE employs more than 1,000 people worldwide, with over 85% representing its design, engineering, and project management capability and experience. For more information, visit [www.cse-global.com](http://www.cse-global.com).
