Semaphore Announces SCADA Distribution Agreement with Cross Automation

NASHUA, NEW HAMPSHIRE – June 17, 2008 – Semaphore, a CSE Global company, welcomes Cross Automation as a distribution partner for Semaphore’s [T-BOX](#) and [Kingfisher SCADA](#) system product lines as well as [Semaphore](#) connectivity products.

Cross Automation is Semaphore’s authorized distributor for customers in Alabama, Georgia, North Carolina, South Carolina, Tennessee and Virginia.

Based in the Charlotte, North Carolina area, Cross Automation is a complete provider of automation solutions, supplying premier industrial automation products and in-depth technical support for plant and machine automation applications. Their specialty is providing quality products and solutions for fluid power, motion control, factory automation, measurement and fluid handling applications.

Cross Automation’s technically superior sales team for industrial automation technologies and largest applications staff in the region are key to sales and support of Semaphore’s SCADA and IP telemetry products.

Semaphore’s T-BOX is the first, IP-based telemetry solution that enables the complete integration of SCADA, control, and communications functionality in one rugged package. It leverages easy-to-use Web technologies and inexpensive public networks for decentralized, monitoring and control systems.

The Kingfisher RTU line provides many advanced features for SCADA system solutions, including redundant configurations, intelligent I/O, and open programming that is compliant with IEC 61131-3 and IEC 61499. Kingfisher systems are well suited to large, demanding measurement and control applications that employ central stations.

Semaphore's T-BOX and Kingfisher RTU products are ideal for a broad range of monitoring and control applications in the broadcast / telecom, infrastructure management, oil & gas, power, transportation and water / wastewater industries. For more information about Semaphore solutions, visit www.cse-semaphore.com, or contact Semaphore at 15B Charron Avenue, Nashua, NH 03063, 603-577-3803.

About Cross Automation

Serving the southeastern United States, Cross Automation is a complete provider of automation solutions, supplying premier industrial automation products and in-depth technical support for plant and machine automation applications. For more information, visit www.cross-automation.com.

About Semaphore

Established in 2006, Semaphore was the result of a merger of two CSE Global companies, RTUnet, of Australia, and TechnoTrade SA, of Belgium. For over 20 years, these companies have provided leading solutions for telemetry, automation, and remote monitoring and have an installed base of more than 70,000 devices. For more information, visit www.cse-semaphore.com.

Semaphore is a wholly owned subsidiary of CSE-Global Limited (CSE), a Singapore-based, industrial integration, manufacturing and distribution group with locations in 20 countries. CSE employs more than 1,000 people worldwide, with over 85% representing its design, engineering, and project management capability and experience. For more information, visit www.cse-global.com.
