Semaphore Announces SCADA Distribution Agreement with Guillevin International

NASHUA, NEW HAMPSHIRE – September 30, 2008 – [Semaphore](#), a CSE Global company, welcomes Guillevin International Co. as a distribution partner for Semaphore's [Kingfisher SCADA](#) system product line. Guillevin International is a Semaphore authorized distributor for customers in western Canada including Alberta, British Columbia, Manitoba, Saskatchewan, Yukon and Northwest Territories.

Guillevin International distributes 90,000 products, from a large number of world class manufacturers and ranks among Canada's largest distributors of electrical material. It is also a major distributor of industrial supplies as well as safety products and equipment. Guillevin International's broad offering provides numerous end user solutions in conjunction with Kingfisher RTU products.

Semaphore's Kingfisher RTU line provides many advanced features for SCADA system solutions, including redundant configurations, intelligent I/O, and open programming that is compliant with IEC 61131-3 and IEC 61499. Kingfisher systems are well suited for large, demanding measurement and control applications.

Semaphore's RTU products are ideal for a broad range of monitoring and control applications in the broadcast / telecom, infrastructure management, oil & gas, power, transportation and water and wastewater industries. For more information about Semaphore solutions, visit www.cse-semaphore.com, or contact Semaphore at 15B Charron Avenue, Nashua, NH 03063, 603-577-3803.

About Guillevin International

Today, with its nationwide distribution network, Guillevin International ranks among Canada's largest distributors of electrical material. It is also a major distributor of industrial supplies as well as safety products and equipment. Its 1,200 employees, based at 100 Profit Centers and more, ensure Guillevin's success by distributing more than 90,000 products coming from a multitude of world class manufacturers. Throughout the years, the company gained an enviable position in the forefront of the North-American distribution industry owing to its flawless commitment towards its customers. For more information, visit www.guillevin.com.

About Semaphore

Established in 2006, Semaphore was the result of a merger of two CSE Global companies, RTUnet, of Australia, and TechnoTrade SA, of Belgium. For over 20 years, these companies have provided leading solutions for telemetry, automation, and remote monitoring and have an installed base of more than 70,000 devices. For more information, visit www.cse-semaphore.com.

Semaphore is a wholly owned subsidiary of CSE-Global Limited (CSE), a Singapore-based, industrial integration, manufacturing and distribution group with locations in 20 countries. CSE employs more than 1,000 people worldwide, with over 85% representing its design, engineering, and project management capability and experience. For more information, visit www.cse-global.com.
