## **Semaphore Announces SCADA Distribution Agreement with Robert L Palmer Company**

LAKE MARY, FLORIDA – September 17, 2009 – Semaphore, a CSE Global company, welcomes Robert L Palmer Company as a distribution partner for Semaphore’s [T-BOX](#) and [Kingfisher SCADA system](#) product lines, as well as [Semaphore](#) connectivity products. Robert L Palmer Company is a Semaphore authorized distributor for customers in Colorado, Montana, New Mexico, Utah and Wyoming.

[Robert L Palmer Company](#) specializes in the technical application of motors, motor control, drive systems and electrical solutions. Palmer Company maintains a staff of engineers, application specialists, and field service technicians experienced in serving a wide variety of industries. A 20,000 sq. ft. UL508 Custom Assembly Facility in Englewood, Colorado and over \$1,000,000 in local inventory allows Palmer Company to respond quickly to requests for customized control assemblies or drive systems.

Palmer Company designs solutions for industrial and commercial applications in oil and gas, water and waste water, industrial control, HVAC, irrigation, mining, material handling and power plants. For more information, visit [www.rlpco.com](http://www.rlpco.com).

Semaphore’s T-BOX is the first IP-based telemetry solution that enables the complete integration of SCADA, control, and communications functionality in one rugged package. It leverages easy-to-use Web technologies and inexpensive public networks for decentralized, monitoring and control systems.

The Kingfisher [RTU](#) line provides many advanced features for SCADA system solutions, including redundant configurations, intelligent I/O, and open programming that is compliant with

IEC 61131-3 and IEC 61499. Kingfisher systems are well suited to large, demanding measurement and control applications that employ central stations.

Semaphore's T-BOX and Kingfisher RTU products are ideal for a broad range of monitoring and control applications in the broadcast / telecom, infrastructure management, oil & gas, power, transportation and water / wastewater industries. For more information about Semaphore solutions, visit [www.cse-semaphore.com](http://www.cse-semaphore.com), or contact Semaphore at 1200 Chantry Place, Lake Mary, FL 32746, 407-333-3235.

### **About Semaphore**

Established in 2006, Semaphore was the result of a merger of two CSE Global companies, RTUnet, of Australia, and TechnoTrade SA, of Belgium. For over 20 years, these companies have provided leading solutions for telemetry, automation, and remote monitoring and have an installed base of more than 70,000 devices. For more information, visit [www.cse-semaphore.com](http://www.cse-semaphore.com).

Semaphore is a wholly owned subsidiary of CSE-Global Limited (CSE), a Singapore-based, industrial integration, manufacturing and distribution group with locations in 20 countries. CSE employs more than 1,000 people worldwide, with over 85% representing its design, engineering, and project management capability and experience. For more information, visit [www.cse-global.com](http://www.cse-global.com).
