Semaphore Launches Chinese Language Web Site

LAKE MARY, FLORIDA – July 7, 2010 – Semaphore, a CSE Global company, has launched a Chinese language website. Live as of today, the new site www.cse-semaphore.com/cn details Semaphore’s offering of [T-BOX](#) and Kingfisher RTU products for remote automation, monitoring, and [SCADA systems](#).

In order to provide a complete experience for Chinese-language users, the entire site has been translated. Visitors will find quick product links on the home page, which make finding product information quick and easy, and a Where To Buy section connects visitors quickly with their distributor for T-BOX or [Kingfisher](#) products.

Semaphore’s T-BOX and Kingfisher [RTU](#) products are ideal for a broad range of monitoring and control applications in the broadcast / telecom, infrastructure management, oil & gas, power, transportation and water / wastewater industries. For more information about Semaphore solutions, visit www.cse-semaphore.com, or contact Semaphore at 1200 Chantry Place, Lake Mary, FL 32746, 407-333-3235.

About Semaphore

Established in 2006, Semaphore was the result of a merger of two CSE Global companies, RTUnet, of Australia, and TechnoTrade SA, of Belgium. For over 20 years, these companies have provided leading solutions for telemetry, automation, and remote monitoring and have an installed base of more than 70,000 devices. For more information, visit www.cse-semaphore.com.

Semaphore is a wholly owned subsidiary of CSE-Global Limited (CSE), a Singapore-based, industrial integration, manufacturing and distribution group with locations in 20 countries. CSE employs more than 1,000 people worldwide, with over 85% representing its design, engineering, and project management capability and experience. For more information, visit www.cse-global.com.
